(NATIONAL ADMINISTRATION OF POWER PLANTS AND ELECTRIC TRANSMISSIONS)  
URUGUAY

**LLAMADO A EXPRESIONES DE INTERÉS  
PARA EL POSIBLE SUMINISTRO Y MONTAJE DE UN FUTURO PARQUE  
EÓLICO DE 5/30 MW EN URUGUAY**

**CALL FOR INTEREST EXPRESSIONS RELATED TO A POSSIBLE SUPPLY  
AND INSTALLATION OF A FUTURE WIND PLANT OF 5/30 MW IN  
URUGUAY**

The National Administration of Power Plants and Electric Transmissions (UTE), by means of this Call for Interest Expressions, convokes wind plant supply and installation companies to present

data and information aimed to delineate the contingent formulation and participation of UTE in a future wind project to be developed in Uruguay.

- It will be taken as a reference the installation of two possible power levels: 5 MW and 30 MW.
- Interested companies should provide technical, economical, financial, commercial and legal information and data, in order to allow the characterization and evaluation by UTE of alternatives for the installation and contingent copartnership in a wind project.
- Data and information to be supplied should cover the study and development stage of a project as well as installation and usual operation and maintenance periods.

Interested companies can consult information related to this Call in the web site [www.ute.com.uy](http://www.ute.com.uy) (inside "La Empresa" → "UTE y el Entorno" → in the "Energía Eólica" option) and by the e-mail address [eolica@ute.com.uy](mailto:eolica@ute.com.uy). (The information is available mainly in Spanish).

The dead line for presentation is **October 31/2003**, at 4:00 pm of Uruguay, and can be done by e-mail, mail or personally. In case of sending a proposal by e-mail, companies can add, sending it by other means, printed material considered useful to the following address:
